

## ENVIRONMENTAL POLICY STATEMENT

West and Senior Limited are committed to minimising the impact of its activities on the environment.

To achieve this goal our aims are to:-

- ❖ Comply with the requirements of environmental legislation and approved codes of practice that relates to the company's activities.
- ❖ Set and regularly review our environmental objectives and targets.
- ❖ Continually seek to improve our environmental performance and commit to the prevention of pollution.
- ❖ Be efficient with our processes in the use of water and energy.
- ❖ Minimise waste by evaluating operations and ensuring they are as efficient as possible.
- ❖ Actively promote the recycling of wastes which are recoverable.
- ❖ Improve staff environmental awareness and understanding through training.
- ❖ Promote openness with our employees, customers, suppliers and the local community. This will allow us to reinforce our commitment to conserve the environment and work towards sustainable development principles wherever possible.
